namety, complies for all the more common and simple allments of life.

A momenta's reflection will show that a wast majority of
dheaves from which we suffer and die, were, at their comsumments, simple and trilling. A mere cold, a slight diarrice, a pain in the side, or a beatache, or housesness, at
first easily cured and subdued, in time becomes a consumption, a fever, a dangerous dysentery. Oroup or other
disease, which all the powers of medicine fall to arrest.

Herein these remedies supply a great public want. Being
on hand, simple, so you know at once what to takepleasant, so as to cause no repugnance—safe, and hence
consisting no risk, while the curative effects are positive
and dertain, they are taken, and at once the spell is broken
and the danger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being rus ares in
use, this wore caused.

Thousands are and have been using them for some five
years past, in every section of the country, with siness.

Thousands are and have been using them for some five sare past, in every section of the country, with almost variable success. All speak in the highest terms of their implicity and certainty, and among our hundreds of sents the uniform realmony is, that they give good telepoline, in their success.

The best Diuretic, Tonic, and Invigorant. The Finest Extract of the ITALIAN JUNIPER BERRY. The Purest and Most Costly Gin Ex-Imparting to it an unequied gloss and brilliancy, making it soft and silky in its texture, and causing it to curl readily.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to hose parts which have become baid, causing it to yield a resh covering of hair.

strength and vigor to the roots and restore the growth to hose parts which have become bald, causing it to yield a resh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest reducctability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hac, giving it a dark, glossy appearance. As a perfame for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plainfor in curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

per bottle, to be had at all respectable Druggists and Perfumers. L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's high inclines to be weak. The use of it lays the foundation for a good head of heie, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair. 5 "Honed Bardines, the BEST Bardines imp'td

MISCELLANEOUS. The Aratoanation of Languages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, whick is from the Greek, signifying "for the head," is now becoming popularised in connection with Mr. Epaiding's great headash remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

Constipation or Costiveness.

No one of the "many ills that flesh is hair to" is so prevalent, so little understood, and so much agglected as Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, twill bring the sufferer to an untimely grave. Among the lighter rise of which Costiveness is the usual attendant are headache, Colic, Rheumanism, Foul Breath, Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also that most excruciating of diseases, the

FILTOVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Hesdachs. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain spredy relief from these distressing attacks by using one of the Cophalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and larring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

Facts wonth Enowing.—Spalding's Cephalic Fills are certain core for Sick Headache, Billous Headache ervous Headache, Costiveness, and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be consid-ered the system of vaccination for protection from Small Pox, the Cephalic Fill for relief of Headache, and the use of Quiniue for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienc-ed by suffering humanity long after their discoverers are forectten.

PDid you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and diaguast at the sight of food? How totally unfit you were for pleasure, conversation, or study? One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires
